## CUSTOM SOIL BLENDS

*Our custom soil blends are formulated to provide:  
Highest fertility - Negligible shrinkage - Abundant  
micronutrients - Years of tilth – friability - loft*

*6 gal. bag (Self-Serve) 1 cu. yd.*

### Thunder Garden \$4.60 \$56.50

Very fertile; our highest nutrient profile. Made from non-shrinking compost, composted rice hulls, gypsum and granite sand. Holds moisture, yet drains well. Will increase fertility and improve drainage of lawn when mixed with existing soils.

*RECOMMENDATION: Installation and top dressing of sod turf and grass; flower and vegetable gardens; raised beds.*

### Thunder Dirt \$4.60 \$50.50

Formulated for native plants. Made from non-shrinking compost and granite sand. When added to native soils, improves nutrient profile, adds drainage, and breaks up compaction. Unmatched versatility for turf grass subsoil. Excellent for seeding, native grasses and wildflowers.

*RECOMMENDATION: Xeriscaping and native plant landscaping, underlayment for all sod.*

### Geo Tree Mix \$4.60 \$44.50

Low carbon, high density. Made from non-shrinking compost and decomposed granite. Low carbon virtually prevents anaerobic microbial fermentation. Eliminates the need to stake and wire trees after planting.

*RECOMMENDATION: Tree planting and installations that exceed one foot in depth.*

### Ranch Rose \$4.60 \$59.90

Formulated for maximum loft, even at the bottom of the pot! Made from poultry compost, composted rice hulls, decomposed granite, and gypsum.

*RECOMMENDATION: Roses, azaleas, container-grown nursery stock, and planter boxes.*

### Double Thunder \$4.60 \$60.90

The original Thunder Garden soil combined with extra compost and gypsum for the important contribution of calcium. Ultra-rich, will not burn. *RECOMMENDATION: Fertility enhancement of existing soils.*

### Thunder Loam \$4.60 \$40.00

Compost and trace mineral enhanced soil blend formulated for stability and versatility with less compaction and runoff.

*RECOMMENDATION: As an alternative to our weed free blends this can be used as a general purpose landscaping soil.*

## RETAIL PRICE LIST

Effective 2-26-2018

### Compost & Mulches

*6 gal. bag (Self-Serve) 1 cu. yd.*

#### Dairy Cow Compost \$4.90 \$55.50

Will not burn plants! Made from the manure of lactating-cows. This compost is weed-free, pathogen-free, and wonderfully shrink-resistant. Can be used as a fertilizer, soil amendment, or lawn dressing.

#### Poultry Manure Compost \$4.90 \$55.50

Extremely high fertility and NPK. Excellent as a soil amendment and for periodic enrichment of existing beds and gardens.

#### Mushroom Compost \$4.90 \$41.50

Made from spent mushroom substrate and mixed with cottonseed meal, cottonseed burrs, poultry litter, grains and gypsum.

#### Magic Mulch \$4.60 \$49.95

A rich compost and mulch blend. Perfect for trees, shrubs, gardens. Adds fertility wherever mulch is used.

#### Shredded Hardwood \$4.60 \$35.00

Excellent oil-free fibrous mulch. Will NOT float away!

#### Cedar Chips \$4.60 \$22.50

Long lasting mulch and is also a natural insect repellent!

#### Shredded Cedar \$4.60 \$29.50

Good for mulch and erosion control!

#### Composted Rice Hulls \$4.60 \$43.50

Improves acidity and tilth. A wonderful soil amendment

## Thunderhead Soil

### Thunderhead Potting Soils

The first potting soil in Texas to be enlivened with granite and activated with living microbial cultures.

#### Regular or Cactus Mix

4 gallon bag ..... \$8.50

20 gallon bag ..... \$34.95

#### Full Throttle Thunder

Oak wilt preventative

4 gallon bag ..... \$97.67

## SAME DAY DELIVERY!

(IN MOST CASES)

### Cubic Yard Formula:

*Length (in feet) x Width (in feet) x Depth (in inches)*

324

## Foundation Materials

Add mass, a wide array of trace minerals, and iron. Granite sand, decomposed granite, and basalt are paramagnetic substances that have the ability to receive and transmit an extremely low resonant radio frequency that supports plant sap circulation.

*6 gal. bag (Self-Serve) 1 cu. yd.*

### SAND

Masonry Sand \$3.00 \$49.90

Concrete Sand \$3.00 \$37.90

### GRANITE

Granite Sand \$3.00 \$38.50

Decomposed Granite 1" \$3.00 \$37.90

Decomposed Granite 1/4" \$3.00 \$38.50

Fairland Pink(sm & lge) \$4.60 \$44.50

### GRAVEL

French Drain 1" (3/8 to 1") \$3.00 \$47.90

French Drain 2" \$3.00 \$49.90

Granite Pea Gravel (3/8 X 1/2) \$3.00 \$37.20

Pea Gravel (3/8" washed) \$3.00 \$59.30

Road Base (1 1/4 City Base) \$3.00 \$33.50

### OTHER

Basalt \$13.20 \$170.50

Gypsum \$5.95 \$148.50

## Field Blends – Lawn Care

*6 gal. bag (Self-Serve) 1 cu. yd.*

### Turf Topper \$4.60 \$59.50

Excellent for lawns. Carefully selected fine particle materials including gypsum, incorporate well into turf grasses such as Zoysia, Bermuda, and St. Augustine. Very fertile non-burning.

### Berm Builder Septic Blend \$4.60 \$43.15

Replaces sandy loam as a septic-field fill. Used and approved in Travis County. Very stable when wet. Formulated for lasting fertility for trees, woody shrubs, wildflowers, and grass.

### Sunny Field Formula \$4.60 \$43.15

Formulated for midrange fertility in a weed-free soil. Composted cow manure and potassium feldspar clay provide richness and water-holding capacity. Does not contain "flash carbon" from ground wood or cellulose material, which have enormous shrinkage and leave soil compacted. Used and approved as a septic-field blend in Travis County.

### First Fill \$3.00 \$37.00

50% topsoil, 50% granite sand. Very stable when wet.

### Chocolate Loam \$3.00 \$27.50

Basic topsoil for grading to elevation and bac filling
